

## SAPPHIRE SYSTEMS

Established in 1993, Sapphire has experienced continuous growth and are global providers of some of the world's leading software solutions.

### Project Overview

JAC's Project Management team were appointed to act on behalf of the Sapphire Systems team and to oversee all aspects of the office transformation. The Project Management team worked closely with the appointed contractors, overseeing the construction process.

Sapphire System's space within this vertical city boasts two winter gardens and impressive floor-to-ceiling inner glass facades with windows that can be opened via independent control systems that are designed to give tenants increased contact with the outside world while also offering natural ventilation.

### About the Building

The iconic skyscraper is comprised of 72 floors; 26 of them dedicated to world class office spaces with views to match. Being centrally located in the London Bridge Quarter, The Shard offer tenants an array of transport options as well as an assortment of coffee shops, markets and restaurants.

## JAC GROUP

JAC Group are a multi-disciplinary practice that provide a breadth of creative, independent and transparent consultancy services that allow clients total flexibility and best practice solutions in the planning and execution of their real estate requirements.

<b>Size:</b>	15,000 sq ft
<b>Sector:</b>	IT & Communications
<b>Location:</b>	9th Floor, The Shard, 32 London Bridge Road, London SE1 9SG
<b>Scope of Works:</b>	Cost Consultancy Project Management

*"Sapphire System's relocation to The Shard allowed JAC to work not only with a great building but also with a great client."*

*Working hand in hand with the appointed architects – IA Architects, and in conjunction with mechanical and electrical consultants ESP, the project was not without its challenges. The result is simply stunning and we are extremely pleased to have assisted Sapphire with their relocation."*
