

A photograph of a modern office interior. The space features a high ceiling with a large skylight covered in a white honeycomb-patterned screen. Sunlight filters through the screen, casting a grid of light and shadow onto the dark floor. Large windows on the right side of the frame offer a view of a lush green landscape with trees and a body of water. Two people are seated at a long, dark wooden desk in the foreground, working on laptops. The left wall is clad in vertical wood panels, and a small black rectangular light fixture is mounted on it.

ACCEL

Accel is a leading early and growth-stage venture capital firm, powering a global community of entrepreneurs.

SECTOR

Fund Management & Investment

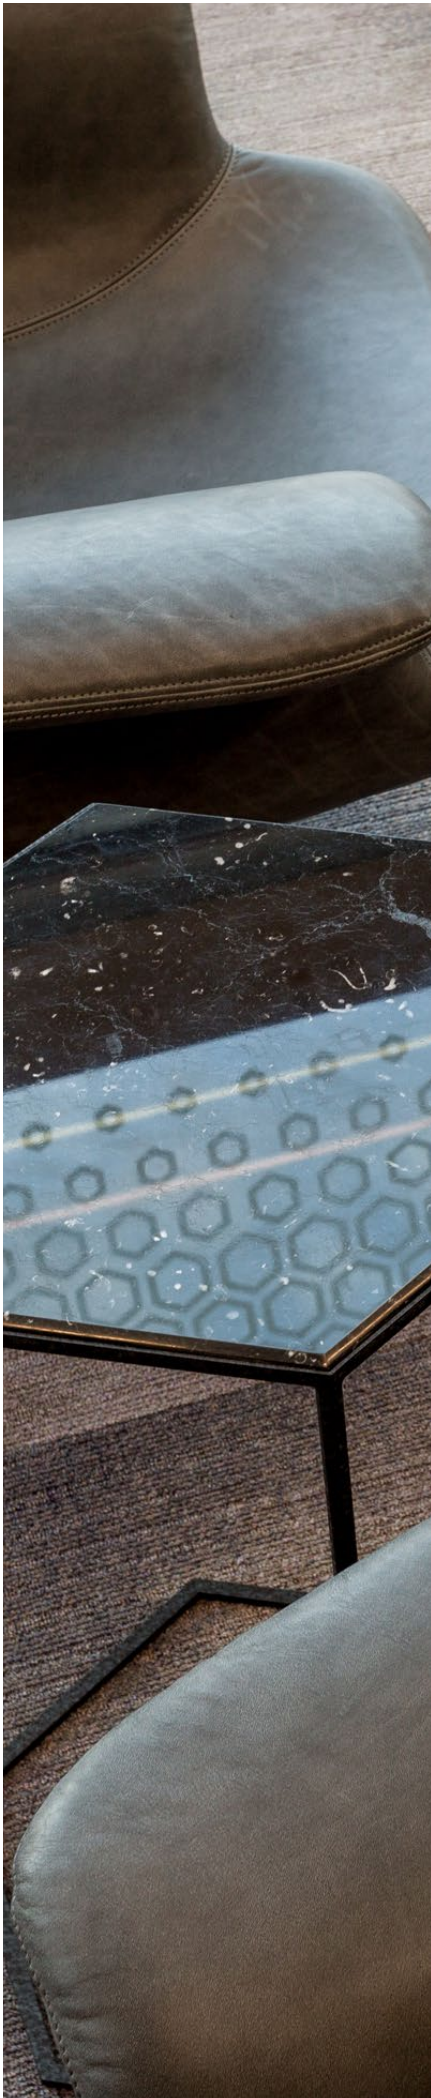

LOCATION

1 New Burlington Place,
Mayfair, London W1S 2HU

SCOPE OF WORKS

Project Management
Cost Consultancy
Design
Furniture Procurement

RECEPTION

THE PROJECT

Accel is one of the UK's biggest tech investors, working with the likes of Facebook, Dropbox, Spotify and Deliveroo.

PROJECT OVERVIEW

Leading venture capital firm Accel appointed JAC to design and project manage their move to Exemplar's landmark redevelopment of The Crown Estate's 1 New Burlington Place, where they now occupy 9,000 square feet on the 6th floor after their old space on St. James's Street no longer continued to support their expansion.

Accel appointed JAC's Design, Project Management and Cost Consultancy teams to mastermind the creation of an innovative, comfortable and collaborative workspace, which needed to complement the innovative redesign of the building itself.

ABOUT THE BUILDING

The Crown Estate's 1 New Burlington Place is the UK's first building to feature 100% eco-friendly LED lighting, has high thermal performance facade, solar cells across the building to generate electricity and also a green rooftop terrace to encourage biodiversity.

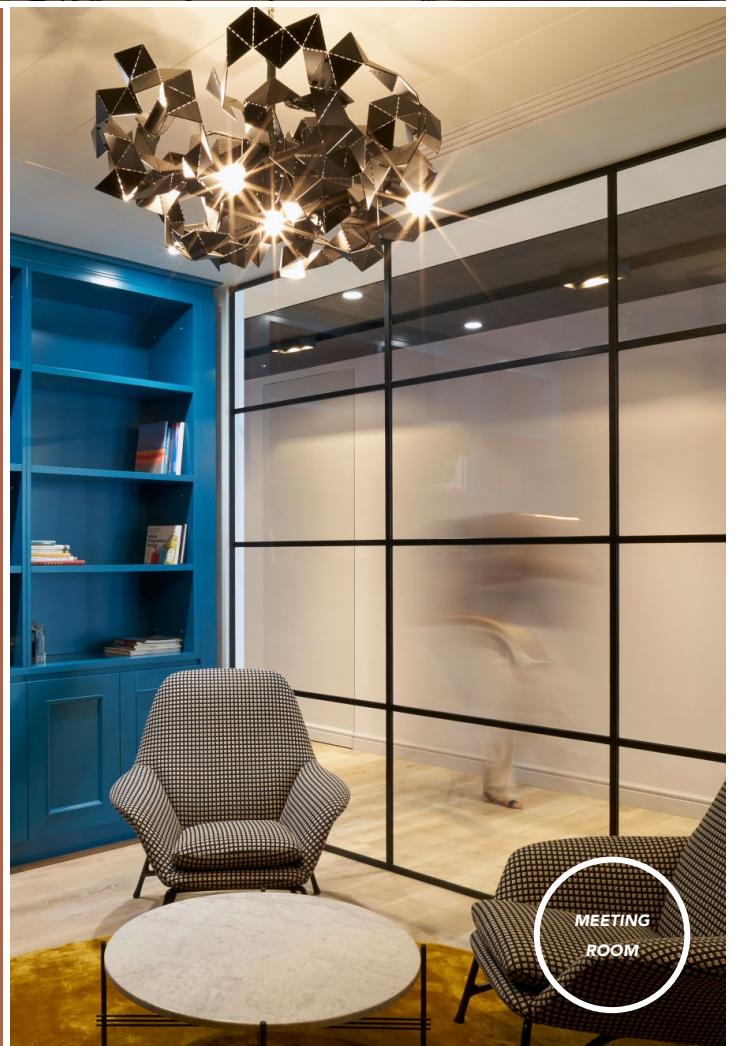

TEAPOINT

"Accel's move to the fantastic 1 New Burlington Place marks the latest chapter in a relationship that I am proud to say goes back 15 years.

Having been close to the design process throughout the project's inception and development, it now gives me immense pleasure to see the vision manifest itself in this way, testament to the strength of JAC's Project Management, Design and Furniture teams."

John Cox,
