HOUSE

THE PROJECT

Troy was founded to focus on absolute rather than relative returns, and aims to preserve and grow its investors' capital over the very long-term.

PROJECT OVERVIEW

JAC have successfully designed and project managed works on behalf of Troy Asset Management at Grosvenor Estates new flagship development at 33 Davies Street in London's Mayfair.

JAC were appointed to provide full architectural design services, in addition to JAC Project Management coordinating and managing a wide ranging professional team.

ABOUT THE BUILDING

33 Davies Street is a distinctive landmark building of 28,856 sq ft of highly specified Grade A offices with one of London's most prestigious addresses, opposite Claridge's Hotel.

"This project represented one of the fastest moving JAC projects to date. We were set an exacting timescale by our client who were faced with a critical date for handover of their existing property. With so many professional advisors to coordinate on behalf of both the landlord and the client, this was always going to be a project that called for strong communication. The delivery on site by the successful contractor was first rate and gained glowing plaudits from both the client and our internal team ."

John Cox,
Managing Director
JAC Group

JAC GROUP

JAC provides experienced project management expertise for office transformations. Independence, transparency and meticulous attention to detail is at the heart of our service. Working in collaboration with our design and furniture procurement team, we create beautiful, collaborative and flexible office interiors to help clients realise their workplace aspirations. After completion, our lifecycle team provides on-going client assistance.
