# THE PROJECT

Sackers is the UK's leading commercial law firm for pension scheme trustees, employers and providers.

## PROJECT OVERVIEW

JAC were appointed to provide their design and project management experience to deliver Sackers new London office.

The relocation signified a further stage in Sackers' growth and provided increased capacity for the firm's ongoing expansion. The new offices, located in the heart of the City, offer enhanced facilities for clients and Sackers staff alike, providing a greater choice of meeting rooms – ideal for trustee meetings and seminars.

## ABOUT THE BUILDING

Located diagonally opposite the City of London's Guildhall entrance at the corner of Milk Street, 20 Gresham Street marks a significant transformation in the redevelopment of the area. Curvilinear at roof level, the building marks this important corner by extending the roof form to the ground and gradually sets back over the full height of the curved facade.

MEETING ROOM

MEETING SPACE

*"The challenge was to deliver a relaxed and comfortable environment that feels like a home away from home and a relaxing experience for first time visitors. The JAC design team delivered this by the use of natural materials to disarm pre-conceived ideas of the space being a corporate workplace ."*
