

PEPPER UK

Pepper is a well established end-to-end mortgage origination, third-party loan service and asset manager.

Project Overview

The JAC team assisted Pepper in the formation of their project requirements and early assessment of property options, concluding guidance and recommendation in the areas of design, programme, technical suitability, financial forecasting and risk profiling.

The JAC Design Studio produced a modern working design and aesthetic, creating a space that is functional and agile, a working environment that encourages staff to focus and perform. JAC Furniture worked closely with the design studio to provide solutions that were in line with the shared agile working vision.

About the Building

Harman House is a landmark office building that offers fully refurbished Grade A office accommodation. The building has been comprehensively refurbished to include a newly reconfigured reception area, common parts and external areas.

JAC GROUP

JAC Group are a multi-disciplinary practice that provide a breadth of creative, independent and transparent consultancy services that allow clients total flexibility and best practice solutions in the planning and execution of their real estate requirements.
