

ZOOPLA

Zoopla is the UK's most comprehensive property website, focused on empowering users with the resources they need to make better-informed property decisions.

Project Overview

Located on Copper Row in the pebbled streets of Tower Bridge, Zoopla has successfully relocated their 500 staff to the multi-level 40,000 square foot space.

This was an exciting and unique project for JAC to be appointed on, moving three separate offices over London to the one. Both the JAC Project Management and Cost Consultancy teams were appointed to the project, ensuring that it ran smoothly and to budget.

About the Building

Knot House is located on Copper Row in the heart of Tower Bridge. The area was once a part of the prosperous London port and over time has been developed in to residential and office space.

JAC GROUP

JAC Group are a multi-disciplinary practice that provide a breadth of creative, independent and transparent consultancy services that allow clients total flexibility and best practice solutions in the planning and execution of their real estate requirements.
